NEW EDITION

Law of Cartels

Mark Jephcott Solicitor

“... an excellent introduction to the law of cartels and deserves to be on the bookshelves of practitioners, academics and industrialists ...”

International Company and Commercial Law Review

The **Law of Cartels** is an authoritative practitioner work offering practical advice for both lawyers advising companies and for company directors. This new edition has been extensively re-written to take on board changes in the law affecting the enforcement regimes at both the UK and EU level. It examines in detail recent developments such as:

- the increasing regulation of information exchange
- the refinement of the concept of ‘hub and spoke’ cartels
- the first criminal conviction under UK Cartel offence
- revised EU fining guidelines and rising fines
- and revised EU leniency guidelines.
